

MEDECINS SANS FRONTIERES – BELGIUM

Medical Doctor, Based in Alexandria - EGYPT

TITLE:	Medical Doctor
LOCATION:	Alexandria – North Coast
SUPERVISOR:	Project Coordinator.
PURPOSE:	Medical consultations for outreach patients with mobile clinics along the Northern coast of Egypt.
DURATION:	According to the needs and until 31 st of December 2015
BACKGROUND:	Medical Doctor, preferably Internal Medicine

1. JOB DESCRIPTION

PURPOSE OF THE POST

Provide consultations to patients according to adapted knowledge, MSF protocols, values and universal hygiene standards to improve the patients' health conditions.

It is an outreach project along the North Coast

GENERAL RESPONSIBILITIES

- Apply medical knowledge and skills to examine, assess, diagnose, and treat outpatient consultations, prescribing the necessary treatment respecting the MSF protocols.
- Refer patients to appropriate areas of specialties in medicine if needed
- Keep the patient and/or his/her family/community if present informed about the illness and provide appropriate explanations about the treatment to follow, and make sure that they have fully understood the dosage and special instructions
- Follow up on patients after consultations if they require referrals for admissions like surgery, communicate with the partners regarding the patient's case in order to clarify their medical needs.
- Ensure ongoing training in a multidisciplinary approach in order to optimize the quality of care, as well as participate in training sessions that will update medical knowledge and skills to be better equipped in managing specialized cases
- Know and ensure all MSF medical protocols are followed and implemented, checking universal precautions are followed at all times and reducing bio-hazard risks and improving infection control.
- Follow MSF Clinical guidelines and prescribe medication according to the approved MSF standard list
- Observe patient-doctor confidentiality at all times and ensure the whole medical team does the same
- Follow all MSF protocol on treating, and documenting all medical cases, making sure all appropriate documents are filled up correctly
- Can manage the team under your direct responsibility according to MSF HR policies and procedures, supervising their performance, organizing and scheduling visits, directly participating in emergencies, and being on call.
- Work as a team with other medical providers as well as non-medical staff to ensure a better more efficient patient care.
- Willing to participate and present case studies if asked to, and to share medical knowledge and to analyze data to improve patient care and quality control

- Coordinates with the Project Coordinator and medical coordinator regarding any special cases that need to be referred.

2. REQUESTED PROFILE

Professional experience:

- Medical Doctor diploma with 2 years experience preferably in Internal medicine
- Experience with migrants, SGBV or Torture are assets
- Knowledge of computer is an asset

Language:

- Written and spoken English mandatory
